*Update on the Chapin Family
Extreme Makeover Home Edition, Project 511
September 26 – October 4, 2007*

This letter comes to you with our deepest gratitude. We wanted to make sure you knew that we appreciate all the time and resources you put into our Extreme Makeover Home. Our family has been changed forever and we look forward to a long and happy life in our new home.

After an amazing vacation at Disney's Vero Beach Resort where we were treated like royalty, we came back to a new home that was truly a miracle in so many ways. Settling in was a huge undertaking, trying to mix the old and the new, getting used to all the new sounds and figuring out where all the on/off switches were for everything was a fun challenge.

The biggest hurdle faced was that my swimming lessons business was put on hold until the pool and garage were complete. My friend Kiri Renneker stepped in and worked tirelessly for over eight weeks to project manage the building efforts because the original builder was not able to complete the project. Extreme Makeover then came back to coordinate several subcontractors to complete the project and get my business running. After a three month delay I am back in business and able to teach swimming lessons and my business is doing very well. I currently have over 120 weekly swimmers and a long waiting list. This summer I intend on expanding my business and reaching out to more than 250 students and if all goes well I will continue all those students into the year. I have been able to teach more special needs children and have established a scholarship fund for families that can't afford lessons. I love what I do and now my older children, Molly and Anna are getting more involved in the lessons, it is fun to watch them interact with the children. This summer we may see them in the water more than before. Without your help I would have never been able to accomplish this.

The kids love their rooms. Lots of friends have been here for overnights and are sharing in the fun and I am trying to keep up with them as best I can – so far so good. They are great kids; I have been blessed in so many ways.

This thank you comes from the deepest part of my heart and it is my goal to thank everyone that was involved. Since there was not a complete list of volunteers and donors, I am asking you if you know of anyone who didn't get a letter, please forward this thank you to them or send me their information to missconnie@angelfishswimming.com so I can say thank you.

I pray that you have a blessed year and that all you have done for me comes back to you in ways that make your life full of peace, health and happiness.

Sincerely,

Connie, Molly, Anna, Rachel and Daniel
